## About

Full-stack developer with hands-on experience in building real-world web applications using React, Django, and PostgreSQL. Developed projects like SkillSwap (peer skill-sharing platform) and Communication Hub (real-time discussion portal) to apply core concepts of frontend-backend integration, authentication, and API design. Comfortable working with REST APIs, Firebase, and responsive UI design. Currently improving problem-solving through daily DSA practice on Leet Code. Looking to contribute to a product-driven team where I can learn, build, and grow.

---

## PROJECTS

### 1. SkillSwap – Full-stack peer-to-peer skill exchange platform

[<https://github.com/Anku-OO7/skillswap-v1>] | [<https://skillswap-v1.vercel.app/>]

- Developed a real-world skill-sharing platform with features like skill posts and profile matching.
- Integrated user auth and skill logic via Django REST APIs, and responsive frontend with React + Bootstrap.
- Real-time features using Firebase (ongoing); part of a long-term career portfolio.

**Tech Stack:** React, Django REST, PostgreSQL, Firebase, Bootstrap, Git

### 2. Portfolio Website – Developer Portfolio

[<https://github.com/Anku-OO7/devfolio>] | [<https://devfolio-fawn-seven.vercel.app/>], [<https://devfolio-ankit.netlify.app/>]

- Personal portfolio showcasing projects and resume.
- Designed with React and hosted on GitHub Pages.

**Tech Stack:** React, TypeScript, CSS, GitHub Pages

### 3. Communication Hub – Real-time discussion portal

[<https://github.com/Anku-OO7/CommunionHub->] | [<https://communication-hub-flax.vercel.app/>]

- Created a collaborative chat portal with real-time sync using Firebase.
- Added user auth and dynamic routing via React Router.

**Tech Stack:** React, Framer Motion, Bootstrap, HTML, Js

### 4. Mini Projects

- **Weather App, Calculator, and Todo List** – Practiced API integration, logic building, and component reuse using **React**.
- 

## EDUCATION

**B.Tech (CSE) – Amity University, Uttar Pradesh**

2020 – 2024 | CGPA: 8.0

**Senior Secondary – New Adarsh Sr. Sec. School, Hisar**

2018 – 2019 | 85.4%

**Secondary – New Adarsh Sr. Sec. School, Hisar**

2016 – 2017 | 87.4%

---

## TECHNICAL SKILLS

- **Languages:** JavaScript, Python, HTML5, CSS3
- **Backend:** Django, Django REST Framework
- **Database:** PostgreSQL, Firebase Realtime DB, Firebase Firestore DB
- **Others:** Responsive Design, Debugging, DSA, Problem Solving
- **Frontend:** React, Vite, React Router, Bootstrap
- **Tools:** Git, VS Code, Postman, Vercel, Netlify, Render
